Dear Craig:

Greetings! Trust you're doing great and enjoying the summer to it fullest!

It's been 8 months since I earned the privilege of becoming a part of Setter Leach & Lindstrom in Minneapolis. The adjustments to the new environment, people and opportunities have been extremely invigorating!

Setter Leach & Lindstrom is one of Minnesota's oldest architectural and engineering firms. We deliver superior quality design and engineering services to a broad variety of clients and project types.

Back in May 2001, I was appointed to the role of Visualization Director at Setter Leach & Lindstrom. This new challenge expands my responsibilities into design, marketing and the professional development needs of our team members. I am thrilled to have this opportunity to further extend my commitment to the practice of architecture.

My contact information at Setter Leach & Lindstrom remains:

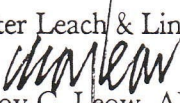

Phone: 612 752-8737
Fax: 612 338-4840
e-mail: cleow@setterleach.com

You may also visit Setter Leach & Lindstrom online at www.setterleach.com.

I hope you continue to enjoy our summer weather and I will continue to keep in touch. Meanwhile, if I can be of service to you, please let me know!

Keep well!

Sincerely,

Setter Leach & Lindstrom

Choy C. Leow, AIA
Visualization Director
