Mr. Craig Lindell

Search Specialists
2655 North Shore Drive
Wayzata, MN 55391

Dear Craig:

I wanted to take the time to formally thank you for the efforts you put forth on behalf of United HealthCare. As you know, we were having real difficulty in finding the right kind of people for our information systems area. Our own efforts were not resulting in viable candidates in a timely manner. I was pleasantly surprised by the high quality candidates that you were able to present to us.

Your ability to listen to our needs and find qualified people was certainly impressive. I am pleased to say that the people you placed with us have performed beyond our expectations. You can rest assured that we will work with Search Specialists again in the future.

Sincerely,

John Blank
Vice President, Provider Services Group
